#### GEORGE WASHINGTON DEFEATS VIRGINIA

Wins at Basketball by the Score of 26 to 23—Many Fouls Made by G. W. U.

WASHINGTON, D. C., February 7.—For the second time since athletic relations between universities were inaugurated, George Washington to night defeated Virginia, the Buff and Blue basketball team winning from the Charlottesville dunit by 26 to 23. That George Washington did not win by a larger margin was due to the frequent fouls which were called on the local collegians. Two weeks ago George Washington lost to Virginia brought about a decided improvement in his charges, and the playing to-night proved that Georgetown may expect one of the stiffest contests she has ever experience when the local institutions meet on February 27th.

Fred Rice was easily the star of the game, and it was largely due to his clever goal throwing that George Washington was able to maintain her advantage when the continual fouling was induled in systematically by both university of Virginia—Glenn, left forward; Hawkins, right guard.

#### JOCKEY MILLER WILL EARN \$50,000 THIS YEAR

Jockey Walter Miller has an excellent chance to earn \$50,000 this year. Jamps R. Keene, the noted turfman and broker, has secured second call on Miller. That means he can ride the Keene horses whenever the Newcastle stable has no mounts for him in the same race. His salary from these two stables will, it is said, amount to \$25,000.

Miller is at present riding in California. Continued success there will enable him to earn at least \$10,000 before he comes East. Here he will have a chance to pick up the other \$15,000 in accepting outside mounts. Of course, much of his money-making power depends on him retaining his present good riding form. NEW HAVEN. February 7.—Officials of the Yale Swimming Association announced to-day that work on the new swimming tank would be begun at once. This prompt action was made possible by the announcement yesterday by the university corporation, the governing body of Yale, that the university would give the swimming association a piece of land back of the gymnasium as a site for the new tank, for which Andrew Carnegie subscribed \$40,000 two weeks ago. Mr. Carnegie has notified Ogden Mills Reld, who is practically the organizer of the Yale swimming and waterpole teams, that the sum is at the disposal of the swimming association.

It was also announced to-day that the new tank would be 55 by 30 feet in dimensions, and that it would be built parallel to, the university gymnasium and close to it, one of the walls possibly being a party wall. The walls of the building which inclose the tank will be of marble. The building will be large enough to seat four hundred spectators. FOR MIDDIES' CREWS
